PREMIUM SILICON BRASS

The innovative silicon brass material, with a golden ratio of 'silicon + brass,' ensures ultra-low lead content which is even lower than the US NSF standard and features antibacterial and antimicrobial properties.

CERAMIC CARTRIDGE

The ceramic cartridge, tested for millions of on/off cycles, ensures smooth control and a long service life, delivering an exceptional water experience with outstanding quality.

EASY CLEAN SILICONE NOZZLE

Impurities and dirt can be removed just by gently rubbing the nozzle.

LEAD-FREE WATERWAY

Breaking through the traditional production process, the waterway through the faucet is wrapped by polymer materials to minimize the contact between water and metal.

9079530

WIDE WATERFALL SPRAY

The integrated wide waterfall spray covers a large area, making it ideal for rinsing fruits, vegetables, and tableware, enhancing your kitchen efficiency.

USER-FRIENDLY AREA SEPARATION

Thanks to the special ladder design, the sink cleverly uses the cubical space to separate areas to allow you to wash, drain, or chop all in one place, which greatly enhances your kitchen space.

CONSTANT FLOW & TEMP-CONTROLLED

A knob equipped ensures a constant flow and accurate water temperature adjustment.

ALUMINUM ALLOY BATHROOM ACCESSORIES

Meticulously crafted from aerospace-grade high-quality aluminum alloy, JOMOO bathroom accessories are highly resistant to wear and corrosion, ensuring both durability and strength in any bathroom environment.
